PREREQUISITES: Must be at least 18 years of age. LPN/LVN, RN, or another qualified medical professional. Non-licensed healthcare professionals are expected to have previous venipuncture skill and knowledge and may be required to submit documentation verifying they are working under a physician's license

NOTICE: Medical2 does not provide nor guarantee jobs. We provide CE Hours and skill enhancement services only. Continuing Ed Providers "Provider approved by the California board of Registered Nursing" License Number:15509. *Restrictions are found in California and Louisiana, dependent solely upon your employer, as these two states have created state-specific licenses that may be required of you in order to perform Phlebotomy. Please check with your employer as to whether these restrictions may apply to you before registering.

1-day ONLY, 100% hands-on seminar

Medical2 Inc. workshops consist of practical skill examinations. Before these practical's, all participants will be taught the proper handling and concept of the procedure in which to be performed. You then proceed to the practice area and finally will prove competency on our specially designed manikins and live sticks. The manikins were designed to simulate the human antecubital region as accurately as possible. After completing the workshop, the participant will receive manuals on our website and have up to 3 attempts to pass the written online exam. Upon successful completion of the workshop and online exam, the participant's national certification will be available online. The original certification will be received by mail.
